1. Topmost Part:

Name of course: Introduction to English Reading Strategies
Student's level: English Program, Faculty of Humanities and Social Sciences
Module/Unit: Unit 1: Main Ideas
Topic: Navigating Main Ideas
Time Allocation: 6 hours

2. Core Concept

This unit introduces the basic reading strategies needed to understand academic texts. Students learn how to preview a text, make predictions before reading, identify topic sentences, and find the main idea. Through classroom activities and the Web-Based Reading Skills Application, students practice these strategies to improve reading comprehension and become more confident readers.

3. Performance Indicators

By the end of this unit, students will be able to:

- 3.1 Identify topic sentences and state the main idea of academic paragraphs.
- 3.2 Use previewing and predicting strategies by looking at titles, headings, pictures, and other text features before reading.
- 3.3 Complete the Vocabulary Preview and Prediction Quiz on the Web-Based Reading Skills Application with at least 70% accuracy.

4. Objectives

4.1 Terminal Objective

By the end of the lesson, students will be able to use previewing and predicting strategies to understand academic texts, identify topic sentences, and find the main idea.

4.2 Enabling Objectives

Students will be able to:

4.2.1 Explain the importance of reading comprehension, previewing, and predicting.

4.2.2 Identify titles, headings, topic sentences, and other text features in academic passages.

4.2.3 Predict the content of a text by using titles, pictures, headings, and other previewing clues.

4.2.4 Identify topic sentences and state the main idea of reading passages.

4.2.5 Complete the Vocabulary Preview activities and Prediction Quiz on the Web-Based Reading Skills Application.

4.2.6 Participate actively and work responsibly during individual, pair, and group activities.

5. Content

5.1 Introduction to reading strategies and the basic structure of academic texts.

5.2 Previewing strategies, including titles, headings, pictures, bold words, and text layout.

5.3 Predicting the content of a text before reading by using previewing clues.

5.4 Identifying topic sentences and the main idea in academic paragraphs.

5.5 Practicing vocabulary through the Vocabulary Preview activities on the Web-Based Reading Skills Application.

5.6 Practicing prediction skills through the Prediction Quiz on the Web-Based Reading Skills Application.

6. Learning Activities

6.1 Pre-Reading Stage

6.1.1 Introduction to the Lesson

The instructor introduces the course, explains the lesson objectives, and shows students how to use the Web-Based Reading Skills Application.

6.1.2 Pre-test

Students complete a pre-test on the Web-Based Reading Skills Application or a printed test to check their reading comprehension and reading strategy skills before the lesson.

6.1.3 Warm-up Activity

The instructor shows pictures, titles, and short topics. Students discuss what they already know and predict what the reading passages will be about.

6.1.4 Teaching Key Concepts

The instructor explains the purpose of previewing and predicting and demonstrates how these strategies help students understand a text before reading.

6.1.5 Vocabulary Preview

Students log in to the Web-Based Reading Skills Application and complete the Vocabulary Preview activities to learn important words before reading.

6.1.6 Predicting the Text

Students look at the title, headings, pictures, and opening sentences to predict the topic and main idea of each reading passage.

6.2 While-Reading Stage

6.2.1 Guided Reading

The instructor demonstrates how to use previewing and predicting strategies while reading a sample academic passage.

6.2.2 Reading Practice

Students read Passages 1–3 on the Web-Based Reading Skills Application and use previewing and predicting strategies during reading.

6.2.3 Prediction Quiz

Students complete the Prediction Quiz on the web application and compare their predictions with the information in the reading passages.

6.2.4 Identifying Topic Sentences

The instructor explains the structure of a paragraph, including the topic sentence, supporting details, and main idea. Students practice identifying these parts in academic passages.

6.2.5 Main Idea Practice

Students work individually and in pairs to identify topic sentences and state the main idea by using the highlighting tools on the Web-Based Reading Skills Application.

6.2.6 Feedback and Support

The instructor observes students' work, answers questions, and provides feedback to help students improve their reading strategies and comprehension.

6.3 Post-Reading Stage

6.3.1 Group Activity

Students work in small groups to compare their answers and discuss the main ideas they identified in each reading passage.

6.3.2 Reading Practice

Students complete reading comprehension and summary activities on the Web-Based Reading Skills Application.

6.3.3 Lesson Review

The instructor reviews the main ideas of the lesson, discusses common mistakes, and answers students' questions.

6.3.4 Lesson Wrap-up

The instructor gives feedback on students' performance and encourages them to continue practicing reading strategies through the Web-Based Reading Skills Application.

7. Materials

The teaching materials are as follows:

7.1 A Pre-, While-, and Post-Reading instructional framework integrated with the Web-Based Reading Skills Application.

7.2 The Web-Based Reading Skills Application, including the Vocabulary Preview and Prediction Quiz activities.

7.3 Laptop or notebook computer with internet access.

7.4 Projector and smartboard.

7.5 Academic reading passages (Passages 1–3).

7.6 PowerPoint slides on reading strategies, previewing, predicting, and identifying the main idea.

8. Measurement and Evaluation

8.1 The tools for the measurement are:

8.1.1 Vocabulary Preview activities and the Prediction Quiz on the Web-Based Reading Skills Application.

8.1.2 Reading Comprehension and Main Idea Test (Passages 1–3).

8.1.3 Classroom observation of students' participation, use of reading strategies, and group work.

8.2 The tools for the evaluation are:

8.2.1 Answer keys for the Vocabulary Preview activities and Prediction Quiz.

8.2.2 Answer key for the Reading Comprehension and Main Idea Test.

8.2.3 Scoring rubric for identifying the main idea and using reading strategies.

8.2.4 Observation checklist for participation, teamwork, and responsibility.

9. Post teaching comments

9.1 The teacher notes that the students have gained knowledge provided in the lesson, including understanding the concepts of previewing, predicting, topic sentences, and identifying main ideas within academic texts. (Knowledge)

Scoring Rubric

1.1 Reading Strategy Application Rubric (Previewing & Predicting)

Assessment Criteria	Excellent (4)	Good (3)	Fair (2)	Needs Improvement (1)
Previewing Skills (Enabling Obj. 4.2.2)	Accurately identifies titles, subheadings, topic sentences, and text features; fully explains text structure prior to reading.	Identifies most titles, subheadings, and topic sentences with minor errors; understands general text structure.	Identifies basic elements (titles/images) but misses topic sentences or subheadings.	Fails to identify titles, subheadings, or structural elements accurately.
Predicting Accuracy & Logic (Enabling Obj. 4.2.3)	Makes highly plausible and logical predictions based on previewed clues and Web App prompts; thoroughly verifies predictions after reading.	Makes reasonable predictions with adequate rationale; verifies predictions correctly.	Makes vague or weakly supported predictions; struggles to verify accuracy after reading.	Makes illogical predictions or guesses without using text clues or app prompts.
